Rejuvenate Floors: and Reuse for Sustainability.

The smart & sensible floor pads.

Today's washable and reusable floor pads are economical and environmentally sound. Premiere floor pads are designed to keep performing through a long lifespan. By reusing these durable floor pads, you can postpone landfill disposal. Even the packaging cares for the planet: it's fully recyclable and made with a proportion of recycled material.

There's a Premiere pad for every application whether its polishing, buffing, scrubbing, stripping, or burnishing.

A. 3M™ Nomad™ Basic Entry Mat

Secure, discreet, and effective tool for protecting floors from outside elements. Unique blend of coarse and fine fibers woven into the flexible mat backbone removes dust and debris while retaining moisture. Adhesive backing keeps mat in place on the floor. The discreet, neutral gray color matches most environments and doesn't look much different when wet. Will dry overnight at normal room temperatures. Easy vacuum clean. Enhances traffic safety while blending in with surroundings.

No.	Color	Size	Shpg. Wt.	Each
MCO 21581	Gray	3 x 4.5	8-lbs.	
MCO 21598	Gray	3.8 x 6.2	9-lbs.	

B. Rely-On™ Olefin Indoor Wiper Mat

Economical continuous filament olefin on standard vinyl is ideal for light to medium applications. Vinyl backing made with natural organic resin blend. Contributes to LEED Certification. Plush surface dries moisture from shoes—holds up to ¾ gallons of water per square yard. Heather-colored pattern complements any dècor. Manufacturer's limited one-year warranty. Overall thickness ⅜-in.

No.	Color	Size	Shpg. Wt.	Each

CROWN MATS AND MATTING

A. ECO-PLUS™ Floor Mats

Safer, cleaner floors thanks to a mat design that aggressively scrapes away debris. Durable, crush-resistant reinforced fiber pattern and raised rubber edging retain water and dirt, eliminating run-off. Non-skid backing holds mat to the floor. Backing made from Nitrile/Rubber blend with 15% post-consumer recycled rubber tires. Top fibers made from 100% recyclable PET polyester. Contributes to LEED certification.

No.	Color	Size	Each

3M

3M™ NOMAD™ ENTRANCE MATS

- Dual-fiber construction for exceptional dirt and water removal
- Fibers resist staining and fading; mats look new longer
- Slip-resistant vinyl backing will not stain floor

Large, crush-resistant polypropylene fibers scrape off loose dirt not removed by outdoor scraper matting; tough, looped nylon fibers wick away water. Pattern designs hide unsightly soil between cleanings. Vacuum or use extraction method to clean. Studies have shown that 2.5-6 times more dirt and soil is removed by 3M™ Nomad™ Scraper Matting than competitive matting. Less dirt and soil tracked into facilities means reduced time, effort and energy required to keep floors clean. Fewer cleaning chemicals are required to maintain floors, which translates to fewer chemicals entering the environment, fewer volatile organic compounds (VOCs) and other indoor contaminants being released inside a facility, helping to improve indoor air quality.

C. Nomad™ 5000

For light to medium traffic—up to 100,000 people per year. Manufacturer's limited one-year warranty.

No.	Color	Size	Shpg. Wt.	Each
MCO 59229 ●	Black-Gray	3 x 5	10.5-lbs.

3M

D. 3M™ Nomad™ Indoor Scraper Mats 6250

Ideal for indoor foyer entrances or other areas where liquid absorption is essential. Open "Z" design allows dirt and moisture to flow through and become trapped in the vinyl backing. Backing reduces creeping and increases comfort. Durable, low-profile, skid-resistant surface lets foot and wheel traffic move easily. Beveled edges help prevent tripping. Easy and inexpensive to maintain—just shake, vacuum or rinse clean. Studies have shown that 2.5-6 times more dirt and soil is removed by 3M™ Nomad™ Scraper matting than competitive matting. Less dirt and soil tracked into facilities means reduced time, effort and energy required to keep floors clean. Fewer cleaning chemicals are required to maintain floors, which translates to fewer chemicals entering the environment, fewer volatile organic compounds (VOCs) and other indoor contaminants being released inside a facility, helping to improve indoor air quality.

MCO 34826	36 x 60	18.6-lbs.	
MCO 34828	36 x 120	37.2-lbs.	

See Pgs. 205-209 for **GLOVES**

Glove design and construction varies; match the glove to the function. Latex gloves provide an excellent sanitary seal and help keep moisture off the hands but do not protect against sharp edges. Conversely, heavy-duty and cut-resistant gloves are not ideal for food handling functions. Glove options abound to suit every purpose. Charts and more information are available in these pages to help pick the right glove.

UNIVERSAL
PERFECTLY PRACTICAL

A. Cleated Chair Mat for Low- to Medium-Pile Carpets

Clear vinyl provides a smooth riding surface and allows carpet beauty to show through. Cleats on back prevent movement. For carpets up to ⅝-in. deep, including padding. Manufacturer's lifetime guarantee (under normal use with rubber or plastic casters).

Three Factors to Consider for Cost-Effective

Cleaning with Vacuums

1. Cleaning Service Productivity:

- Multipurpose Vacuums–provide a complete cleaning solution by combining multiple cleaning steps into one, eliminating non-productive time and helping reduce payroll costs!
- Automatic Height Adjustment–adapts to many different carpet heights in the same cleaning environment. This feature helps eliminate guesswork by automatically adjusting the power head of the vacuum to the carpet height.
- Indicator Lights–incorporated into the base control panel to show when the power head is moving.
- Vacuums with Tool Accessories–accommodate multipurpose use across different types of flooring surfaces as well as upholstery.
- Intelligent Indicators–indicate a full bag, dirty filter and brush jams to speed trouble-shooting.
- Wide Cleaning Path–cleans large, minimally-furnished rooms in less time.

2. Green Cleaning:

- Designed to reduce the impact of cleaning products on the environment along with increasing occupant and worker health.
- To meet the increasing demand for greener equipment, vacuum-cleaner manufacturers continue to innovate. New models meet stringent outside testing standards for air filtration, optimum pick-up of soil and dust retention.
- Backpack vacuums with closed bag systems and multi-stage filtration (multiple layers of filter material to remove particles of soil) also feature quiet operation.
- HEPA or hypoallergenic filtration provide a high standard of dust removal and retention, a priority for people with allergies.
- Hospital environments, where indoor air quality (IAQ) is crucial to staff and patient well-being, benefit from using a vacuum with HEPA filtration.

3. Day Cleaning:

- Cleaning service contractors have seen a strong demand for cleaning during the day. This trend is driven by the rising cost of energy.
- Day cleaning can reduce utility expenses (between 25-30%) and can contribute to employee retention.
- Day cleaning encourages communication among facility staff and occupants and improves security.
- Look for vacuum cleaners with quiet operation and a one-pass cleaning solution for multipurpose use, which will minimize office disruptions.

Deep & thorough cleaning	Many vacuums offer deep and thorough cleaning of floors and upholstery; abundant choices are available. Select from uprights (pages 300-305), canisters (page 306) and backpacks (page 299).	
Wide cleaning path	A wide cleaning path saves time and increases productivity. When this is your priority, select from the many available uprights (pages 300-305). You'll also receive this benefit, along with additional cleaning capabilities for carpeted floors, from carpet extractors (page 311).	
Ease of carrying/ maneuverability	Certain vacuum bodies are designed for greater portability. These units often maneuver well, too, reaching spots that bulkier units can't access, such as stairs. Depending on design, some portable vacuums work best for quick cleaning and touch-ups while others pack more power. Read the individual product description carefully to choose the vacuum that best suits your needs. Choose lightweight uprights (page 306), backpacks (page 299), and mechanical sweepers (page 307).	
Filtration and IAQ	For spaces where allergens cause particular concern, including hospitals, doctor's offices, and schools, HEPA filtration systems add value. Select HEPA/allergen filtration uprights (pages 300-301).	
Carpet heights	Many upright vacuums feature height adjustment, either manual or automatic. This option allows smooth transitioning between flat surfaces and carpet heights. For this capability, review your options for uprights with height adjustment (page 304).	
Wet surfaces	For workshops, garages and areas with wet debris, select vacuums specially designed for such applications. Choose units that are wet/dry (page 310). And for professional deep cleaning of carpets, choose carpet extractors (page 311).	

A. Shoulder Vac™ Commercial Backpack

Powerful 1000-watt motor. Bagless design with clear dome lid and 6.4-qt. capacity and HEPA type filtration. Comfortable ergonomic back brace harness includes sternum clips. Hypercone technology maintains maximum cleaning efficiency. Includes hose and eight 1.5-in. dia. attachments. Uses optional filtration liner bags HOO KE2103-000 (sold separately). 48-ft. cord. UL Listed for commercial use. Manufacturer's two-year warranty for commercial use. Shpg. wt. 22-lbs.

GREEN TIP

Cutting back on carpet care can have serious impacts on the life of carpeting. A carpet with a 10-year lifespan may last six years with less frequent maintenance. If carpet care budgets need to be reduced, increase vacuuming to compensate for fewer deep cleans.

http://www.cleanlink.com/cleanlinkminute/details/When-Carpet-Budgets-Get-Cut-Increase-Vacuuming--23494

Rubbermaid Commercial Products

A. DVAC 1-Pass Cleaning Solution™

Combines three cleaning passes—dusting, vacuuming and waste collection—into one. No tools required to assemble; simply twist your 44-gallon BRUTE® container (sold separately) onto the dolly integrated vacuum base. Ergonomic arched handle makes maneuvering easy. Bag full indicator lets you know when it's time to replace the bag. Power agitator nozzle handles multiple carpet heights. Includes on board tools. Optional HEPA bags and filters for increased IAQ (indoor air quality). Contribute to LEED points. Certified as a Green Label Product by the Carpet and Rug Institute. SOA approved.

RCP 9VDVPN4400 ●	**Each**

FRANKLIN CLEANING TECHNOLOGY

B. Workhorse Carpet Sweeper

Thoroughly and efficiently sweeps carpet and hard surfaces without requiring an electrical outlet. Boar bristle brush, lightweight solid steel construction with enamel finish and protective rubber bumper. Effective on brick, tile, linoleum, wood, carpet and concrete.

FRK 39357	**Each**

3M

C. Scotch-Brite™ Quick Floor Sweeper

Sweeps up large and small debris from all floor surfaces—even hardwood. Soft rubber blades won't damage floor. Dual debris receptacles unload from the top for easy emptying. Wraparound rubber bumper protects walls from scuffs. 42-in. long aluminum handle.

MCO 97100	**Each**

Hoover

D. Sonic Sweep™

Sonic Pulse Technology combines sonic vibrations and a motorized brushroll to clean messes quickly and quietly making it ideal for daytime use. 40 minutes of run time. Cordless and lightweight with soft grip ergonomic handle. Converts to a handheld vacuum for easy use on stairs or furniture carpet and floor settings. No filters or bags to replace. Bottom empty dirt cup and low profile. Manufacturer's one-year commercial warranty.

HOO CH20000	**Each**

Rubbermaid Commercial Products

- A complete line of commercial-grade sweepers for a variety of floor types
- Unique, upgraded design with ergonomic handle
- Low-profile for cleaning under furniture
- Easy-open dual debris bins feature one-touch emptying doors
- Four corner brushes provide edge cleaning
- Hood constructed of durable galvanized steel

E. Floor & Carpet Sweeper

Lightweight, easy to carry. Ideal for bare floors or low-pile carpets. Includes brush comb that can be attached to handle. 6.5-in. sweep path. Black with yellow trim.

ULTRA HIGH-SPEED BURNISHERS

Safety enhanced interlock switch leaves both hands conveniently in control. Nonconductive dual triggers eliminate shock potential. Fully adjustable handle positions. Balanced chassis design gives more precise pad pressure. All-metal chassis offers added weight for a faster, brighter shine. Separate nonmarking transport wheels prevent cross-contamination. 1.5 hp, DC rectified motor eliminates brownouts, low voltage problems and startup torque problems. Includes 50-ft. power cable. Motor plugs into power cable at handle base for easy, safe maintenance. Low-profile apron easily reaches under counters and covers. Non-marring full-wrap bumpers protect walls and baseboards. Flexible padholder with threaded pad-centering device conforms to floor irregularities, delivering an even shine and gloss. UL Listed. Accepts 20-in. synthetic pads. Manufacturer's five-year warranty motor and transmission.

3M™ LOW-SPEED FLOOR PADS

A. Scotch-Brite™ Surface Prep Pads

Requires only neutral cleaner or water to effectively remove floor finish, preparing the floor for finish application. Can be used on vinyl tile, marble, terrazzo, concrete and other floor types. No need for harsh chemical floor strippers.

B. Scotch-Brite™ Purple Diamond Floor Pads

Unique diamond mineral construction that simultaneously cleans and polishes marble, terrazzo, slate and polished concrete flooring to bring it to a high gloss.

C. Scotch-Brite™ Sienna Diamond Floor Pads

For use on dull floors to help condition the floor and bring it to a low/medium gloss.

D. High-Productivity Stripping Pad 7300

For heavy finish build-up, quick stripping and stain removal.*

E. Black Stripping Pad 7200

The industry standard. Maintains consistent high performance throughout the life of the pad.*

F. Brown Stripping Pad 7100

For wet/dry stripping. Prepares floors for recoating. Conforms to uneven floors.*

G. Blue Cleaning Pad 5300

For heavy-duty scrubbing prior to recoating, heavy-duty spray cleaning or foam scrubbing.*

H. Red Buffing Pad 5100

For spray buffing. Cleans when damp; buffs when dry. Cleans and removes scuff marks.*

I. White Super Polishing Pad 4100

Spray or dry buff on soft finishes. For polishing wood floors. Removes black marks up to six times faster, which can lead to less energy usage from burnishing equipment.*

J. TopLine Autoscrubber Pad 5000

For light scrubbing with autoscrubber prior to burnishing. Excellent daily cleaning pad. Removes black marks up to six times faster, which can lead to less energy usage from burnishing equipment.*

**Designed to be washable and reusable, lasting up to 25 times longer and outperforming other brands of floor pads to help postpone landfill disposal. Packaging consists of 75% to 100% recycled material and is 100% recyclable.*

B. Radial Steel Wool Floor Pads

Ideal for stripping tough, dirty, paste-wax buildup or buffing a beautiful parquet floor to a brilliant luster. Reversible pad can be used over and over for cleaning, dry scrubbing, polishing or finishing almost any type of floor. Choose from a variety of grades to fit your needs: 0 (fine)—for cleaning and polishing; 1 (medium)—for cleaning and dry scrubbing; or 2 (coarse)—for stripping waxed floors or scrubbing rough floors. 12 pads per case.
